DEVELOPER

E.ON Montan GmbH, Gelsenkirchen

PROJECT

Construction of new commercial premises above a former hard coal mine, Witten

- Construction of a new supermarket on the premises of a former car workshop
- On the grounds is an abandoned surface shaft opening (Crone shaft: diameter \approx 2.8 m, depth \approx 44 m), that is neither filled in nor secured

OUR SERVICES

- Subsoil assessment
- Subsoil evaluation and foundation work consultancy
- Risk assessment
- Inspection of mine plans and elevations
- Investigation of mine condition
- Safety coordination
- Expert support for the filling/compaction works on mine cavities (former Crone shaft)
