KapHag Architektur und Bau GmbH, Berlin

PROJECT

New construction of a hotel complex, Selmastrasse, Essen

- Hotel complex with 7 upper storeys in Essen City, covering an area of 4,000 m²
- Previous development was destroyed during WW2

OUR SERVICES

- Examination of the subsoil
- Report on foundations for the new building, taking account of influences from mining
- Initial assessment of inherited pollution
- Inspection of plans and elevations for mines, risk assessment
- Support for investigative, infilling and compaction drilling to secure the empty chambers left over from mining
