VAG Verkehrs-Aktiengesellschaft, Nuremberg

PROJECT

Renewal of the tram tracks on Sulzbacher Str. and Äußerer Sulzbacher Straße

- Due to renewals of tram tracks, evidence of the effects on the buildings bordering the building site on Sulzbacher Straße and Äußere Sulzbacher Straße is recorded
- 53 residential and commercial premises are inspected

OUR SERVICES

- Performance of evidential recording of frontages, interiors and external installations
- Visual recording of construction-related damage to the building fabric
- Recording of damage by photographic documentation in combination with written recording of the type of damage, extent and position
