PROJECT

Replacement of a Weser culvert in Bremen

- Replacement of a culvert on Niederbürener Str. for the Bremen Dyke Association
- The approx. 9.5 km long Niederbürener and Lesumbroker road must be used by heavy site traffic while the culvert replacement works are ongoing
- The road is in a relatively poor condition

OUR SERVICES

- Geotechnical consulting services
- Geostatic calculations
- Formal recording of evidence prior to construction of approx. 9.5 km road of adjacent approx. 115 buildings (distance < 20 m) of 50 m road above the dyke where the steelworks is located of approx. 4.5 km road south of the Weser
- Initial inspection, final inspection
