

DR. SPANG

INGENIEURGESELLSCHAFT FÜR BAUWESEN, GEOLOGIE UND UMWELTECHNIK MBH

DEVELOPER

District of Starzach

PROJECT

Construction of new cycle path alongside the L 370

- The cycle path link is being built between the Börstingen and Sulzau parts of Starzach alongside the L 370
- The proximity of the Neckar river necessitates a supporting structure
- Stabilization of the existing embankment through a slope support

OUR SERVICES

- Subsoil investigation
- Soil mechanical laboratory tests
- Chemical analysis of the groundwater
- Subsoil report
- Stabilization recommendations
- Examination of options
