NRW Roads Service

PROJECT

Rahmede viaduct

- Construction of the new Rahmede viaduct for the A45 motorway between the Lüdenscheid-Nord and Lüdenscheid exits
- The existing viaduct, 453 m long and up to 70 m high, will be demolished
- The new structure will support the 6-lane widening of the A45

OUR SERVICES

- Soil report services
- Establishment of basis of the project
- Investigation concept
- Description and assessment of the subsoil and groundwater situation
- Expert support for the planning and execution phase
