PROJECT

Construction of a new sports hall, Esslingen

- Construction of a new sports hall on a slope on Im Gehren in Esslingen-Liebersbronn
- Hall plus 2-floor annexe with changing rooms and service rooms
- Located on the southwest slope of the Schurwald forest which descends from the ridge at the hunting lodge down to the Neckar
- Footprint approx. 13 m x 25 m
- Height difference within the construction window approx. 4 m
- On the slope side the hall will be built approx. 4 m into the slope, tailing off flat on the valley side

OUR SERVICES

- Subsoil investigation with corings and soundings
- Subsoil evaluation and foundation works consultancy pursuant to HOAI § 92 (1), service phases 1 to 3
- Consultation on drainage planning and seepage of rainwater
- Acceptance procedures during construction .
