NRW construction and property management, Münster of-

PROJECT

Bergeshövede lock-keeper's building

- New building with a footprint of approx. 18 x 20 m
- Due to the terrain, the building is to be erected as a 2-storey structure on the south side, a 1-storey structure on the north side

OUR SERVICES

- Subsoil investigation pursuant to DIN 4020
- Investigation of strata sequence and compactness of the ground
- Determination of aggregate gradation, volatile solids and lime content
