

DR. SPANG

INGENIEURGESELLSCHAFT FÜR BAUWESEN, GEOLOGIE UND UMWELTTECHNIK MBH

## DEVELOPER

Emschergenossenschaft, Essen

## PROJECT

**Ecological improvement of the Roßbach in Dortmund,  
1st design section**

- As part of the improvement works, the existing watercourses rectified with ground slabs are being widened to meander
- The ground slab and bedding material will be largely taken up and excavated
- Engineering intervention for the construction of new bridge structures, high-water basins and water passages

## OUR SERVICES

- Subsoil investigation and foundation works consultancy
- Evaluation of the contamination of the excavated soil, ground slabs and bedding material
- Subsoil and foundation works consultancy during construction
